

## **Estre Ambiental to Announce Full Year 2017 Earnings Release in June 2018**

**SÃO PAULO, May 29, 2018** -- -- Estre Ambiental, Inc. (NASDAQ: ESTR) (the “Company” or “Estre”) announces that it is postponing the release of its full year 2017 results that was originally scheduled for May 30, 2018. The Company currently expects to release its results before the end of June 2018 and will issue a further press release with the details for its 2017 earnings call in due course.

The Company continues to work diligently to complete the internal evaluation process relating to the matters referred to in its press release issued on March 5, 2018 and, in parallel, is working to finalize its audited financial statements for the three years ended December 31, 2017.

While the internal evaluation process is not yet complete, the Company expects that it will restate its financial statements for the years ended December 31, 2015 and 2016 previously filed with the SEC to reflect the findings of its internal evaluation, corresponding mainly to an increase in tax provisions based on management’s reassessment of probable tax losses, among other potential changes.

### **Forward-Looking Statements**

This press release may contain forward-looking statements. These statements are not historical facts, and are based on management's current view, estimates and projections of future events and trends that currently affect or might affect the Company’s business, results and operations. Statements regarding the implementation of future actions, including with respect to the release of its financial results and completion of its internal evaluation process, plans or strategies, and the factors or trends affecting financial condition, liquidity or results of operations, are examples of forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties including, but not limited to, failure to comply with laws or regulations; the outcome of ongoing investigations and any new facts or information that may arise in relation thereto; the effectiveness of the Company’s risk management and internal control policies and procedures, including operational risk; litigation, such as class actions or tax assessments brought by governmental and regulatory agencies; general economic and market conditions; industry conditions; and operating factors. Forward-looking statements are based on many assumptions and factors, and any changes in such assumptions or factors could cause future events, including the Company’s results of operations, to differ materially from current expectations.
