About Estre

Estre is a waste management company in Brazil which operates in key locations in the Southeast, South and Northeast regions of Brazil in a full range of waste-related and environmental services that comprise every step of the waste management cycle, from waste collection to disposal and, ultimately, value recovery. Estre Brazil operates its own landfills and is engaged in the final treatment of hazardous wastes (blending units, bioremediation of contaminated soil and landfills), temporary storage of waste, collection and burning of landfill biogas, environmental consulting services, recycling, reverse manufacturing of electrical and electronic devices and waste collection, among other activities. In the provision of these services, the Company applies strict control over potential environmental impacts, uses customized environment management models and provides support to its customers. Additional information on Estre is available at <http://www.estre.com.br/en/>.
